

Tank Level Sensors

Mini-Me™

Universal Remote Display

RD7CTS

PROTEUS Mini-Me is a color graphic display providing automatic tank gauge (ATG) users the access current tank gauging, leak detection and alarm status from ATG consoles.

ATGs monitor storage vessels for level, temperature, volume and potential leaks, and due to installation constraints are typically located where audio visual alarms and level information are not conveniently accessible or are out of the operator's normal work area, potentially rendering alarms to go unnoticed. These ATGs are often difficult to use and understand.

The PROTEUS Mini-Me allows the user to easily and intuitively gain access to ATGs and level information anywhere throughout a facility. It provides both wired and wireless access to industry standard ATG's providing easily accessible information where required.

KEY FEATURES

- Remotely view leak sensor alarms and tank inventory in up to 16 tanks
- Connects to any industry standard ATG
- Allows main ATG installation in convenient, economical locations
- Audio and visual alarms
- Easy to install and easy to use
- Wall mount or flush mount
- 7 inch color touch screen graphic display
- Wide viewing angle

OPTIONS

- Wireless communication

Electrical 100-240 VAC ±10%
 50/60 Hz 25 watts
 (12 VDC power available upon request)

Audio Visual Controls Display 7-inch color graphic display touch screen
 Audible alarm 85 dB piezoelectric horn
 System status 3 LED's (OK, warning, alarm)

Accessories WRS-232 Wireless RS-232 link includes both tank gauge and remote transceivers
 WRS-232R Wireless RS-232 repeater for extending WRS-232 wireless reach
 RD-PCK Power cord kit
 RD-232C-75 75 feet RS232 cable
 C232-422-RD7CTS RS-232-422 booster kit to increase distance of RS-232 output
 ENC-4X-RD7 NEMA 4X enclosure
 HTR-1 Heater for NEMA 4X enclosure
 TEM-CS Thermostat for NEMA 4X enclosure

Weight 5 lb

Dimensions 7 x 8 x 3 inches (H x W x D)

Dimensions may vary slightly. Specifications subject to change without notice, verify with manufacturer.
